\* PSE&G’s Supply Price-to-Compare may be found using this [link](#) and clicking on Current Electric Tariff B.P.U.N.J. No. 16 on the left-hand side of the page, using the information detailed on Sheet No. 75-76 of the tariff.

*The utility supply rate associated with usage over 600 kWh/month is only applicable from June 1 – September 30. If your monthly usage exceeds 600 kWh during this rate period, add the two bottom rows together in the calculator tool above to determine your PSE&G supply price-to-compare for the month you are using to compare.*
