Notice of Piscataway Community Energy Aggregation Contract Expiration for Customer Number: Customer Number

Dear **Customer Name**:

Thank you for choosing Energy Harbor for your electricity supply needs. This letter is to notify you that your community's electric aggregation program with Energy Harbor is coming to an end. As a result, the current term of your electricity supply service with Energy Harbor will expire on your **October** meter read date.

While it has been our pleasure to serve as your electricity supplier, we are unable to provide your community with a competitive **renewal offer** due to market conditions.

However, you do have some options:

- You can select another electricity supplier to begin providing generation service
- If you prefer to return to your local electric utility for your generation supply, you do not need to take any action.

Whatever choice you make, it will not cause you to experience any interruption in your service.

Sincerely,

A handwritten signature in black ink that reads "D. Leone".

David Leone
Senior Vice President, Retail Sales
